

Covid-19

#StayAtHome

It's been a tough week – but the good news is we are not seeing explosive growth.

REALLY IMPORTANT TO STICK TO THE MEASURES THAT WORK: physical distancing, staying at home, washing your hands, supporting one-another emotionally.

Huge thanks to you, the frontline workers who are helping protecting all Albanians: health workers, police, critical business workers, delivery workers, essential service providers but especially health workers!

Our biggest respect to you.
